

School Improvement Plan 2023-2026

Penola
CATHOLIC COLLEGE
EST. 1995

Our Strategic Intent

The key focus of this School Improvement Plan is to increase student engagement in learning, by enhancing pedagogical practices and engaging all in the school improvement process. This will be enabled through strong, strategic leadership within a culture of high expectations.

01 Student Engagement in Learning

Goal

To increase student engagement in learning

Intended Outcome/s

That students are experiencing and demonstrating success in their learning

That students are more connected to school and are active participants in their learning

That student wellbeing shows improvement, with fewer numbers of students requiring one to one intervention

02 Teacher capability and staff engagement

Goal

To improve pedagogical practices and engagement in school improvement

Intended Outcome/s

That all staff are committed to school improvement

That there is greater collaboration in teams

That teachers are reflective practitioners

That staff readily seek and act on feedback

03 Strategic Leadership for School Improvement

Goal

To build a culture of high expectations

Intended Outcome/s

That structures and processes support school improvement

That leaders feel empowered to effect change

That parents are partners in learning
