## Programs for every journey.

### **Victorian Curriculum**

#### **- Year 7-10**

- Designed to teach knowledge and skills for life-long learning, social development and active and informed social interaction through literacy, numeracy, humanities and STEM subjects.

### **VCAL Teach Out**

#### **- VCAL Intermediate**

- Students who made considerable progress through their Vocational Certificate of Applied Learning in 2022 can complete their remaining units and graduate at the end of 2023.

### **VCE VM – Victorian Certificate of Education Vocational Major**

- The VCE VM is a vocational and applied learning program that focuses on the individual's strengths and interests, while developing skills and capabilities to succeed in further education or employment.

### **Young Parents Program**

#### **- Year 7-12**

- A child-friendly classroom, onsite nursery and support from a dedicated wellbeing worker enables young parents to continue their education and attend classes with or without their children.

### **VPC Victorian Pathways Certificate**

#### **- Senior program**

- An inclusive, flexible certificate that teaches literacy, numeracy, personal development, and work-ready skills to prepare young people for the workplace.

### **Electives**

#### **- Available to all young people**

- Programs to explore interests and engage with new experiences outside of the curriculum. St Joseph's offers music, woodwork, physical education and art electives.

### **VET – Vocational Education and Training**

#### **- Senior program**

- A core part of VCE VM certificate, VET enables students to gain skills and industry-recognised qualifications for a variety of workplaces. We also offer School-based apprenticeships or traineeships (SBAT) which provide students with paid on-the-job training while they complete secondary school.

### **Blended**

#### **- Year 7-12 online program**

- A Victorian-first education model that combines online individualised learning with in-person wellbeing support. The curriculum is delivered through a mix of virtual live classes and assigned tasks that students can access anytime they like.
