

## Why I'm taking part

My hair has almost always been long and has formed part of my identity. But it is time for it to go to a fantastic cause and mission. Please sponsor and support me to chop off my hair and donate to this amazing cause. I will also be donating my hair for wig making. I am motivated by family and friends that have had blood and other cancers. Remember to monitor your health and get second opinion even when you have the slightest of doubts because it could save your life! Much love Bec ❤️ 🙋

With no screening programs available and no means of prevention through lifestyle changes, blood cancer is Australia's hidden cancer crisis.

Every day, 53 Aussies are diagnosed with blood cancer, and 16 will lose their life.

We can't delay taking action together.

That's why I've decided to take part in the Leukaemia Foundation's World's Greatest Shave.

I'll be raising crucial funds that help give those facing blood cancer all the support and information they need, while driving breakthrough research projects discovering better ways to diagnose and treat blood cancer.

You have the power to help me make an extraordinary difference.

Big or small, every donation counts.

Please help by sponsoring me!

I'd really appreciate it, thank you Mrs Micallef!
